

Your Hospital's 2018 Leapfrog Hospital Survey Competitive Benchmarking Summary Report

Dear CEO:

Thank you for participating in the 2018 Leapfrog Hospital Survey. As a benefit of participation, all hospitals that complete the Survey by August 31 receive this Competitive Benchmarking Summary Report. Competitive Benchmarking Summary Reports are created using the Leapfrog Value-Based Purchasing (VBP) Program methodology. The Leapfrog VBP Program summarizes hospital performance on six domains of inpatient care into a single Value Score. The six domains, which include measures from the 2018 Leapfrog Hospital Survey, include Medication Safety, Inpatient Care Management, Maternity Care, Infections, Inpatient Surgery, and Pediatric Care.

Leapfrog is not able to calculate the overall Value Score for certain hospitals. For more information, download the Leapfrog VBP Program [scoring methodology](#).

Competitive Benchmarking Results (as of August 31, 2018)

Hospital Name
Hospital Street
City, ST 12345
Leapfrog ID: 12-1234

DOMAIN	YOUR HOSPITAL'S SUMMARY SCORES	NATIONAL AVERAGES
Medication Safety	100	78
Inpatient Care Management	100	76
Infections	33	50
Maternity Care	91	64
Inpatient Surgery	100	63
Pediatric Care	79	52
Value Score	80	64

For hospitals interested in using these relative scores to target areas for performance improvement, Leapfrog offers more detailed reports that include decile rankings as well as individual measure scores relative to state and national benchmarks and year-over-year trending. Information about additional Competitive Benchmarking reports, including access to previous years' reports, can be found at www.LeapfrogGroup.org/CompetitiveBenchmarking.

Please review your full 2018 Leapfrog Hospital Survey Results at www.LeapfrogGroup.org/Compare-Hospitals. Additional details of your hospital's Survey Results are available on your Hospital Details Page, which can be accessed by logging into your Survey using your 16-digit security code.

We again thank you for your participation in the 2018 Leapfrog Hospital Survey, and we look forward to your participation in 2019.
