About the Leapfrog Group

Founded in 2000 by large employers and other purchasers, **The Leapfrog Group** is a national nonprofit organization driving a movement for giant leaps for patient safety. The flagship **Leapfrog Hospital Survey** and **Leapfrog Ambulatory Surgery Center (ASC) Survey** collect and **transparently report** hospital and ASC performance, empowering purchasers to find the highest-value care and giving consumers the lifesaving information they need to make informed decisions. The **Leapfrog Hospital Safety Grade**, Leapfrog's other main initiative, assigns letter grades to hospitals based on their record of patient safety, helping consumers protect themselves and their families from errors, injuries, accidents, and infections.
