*NOTE: FACILITIES RESPONDING TO THE 2019 LEAPFROG ASC SURVEY SHOULD REVIEW NHSN INSTRUCTIONS [HERE](#).

Hospitals are required to join Leapfrog's NHSN Group in order to be scored and publicly reported on the following measures from Section 7 Managing Serious Errors:

- Central line-associated blood stream infections (CLABSI) in ICUs and select wards

In addition, Leapfrog obtains teaching status from the NHSN Patient Safety Component – Annual Hospital Survey.

Data will be available for hospital review prior to public reporting on the Hospital Details Page starting on July 12, 2019 for hospitals that:

- Join Leapfrog's NHSN Group by June 20*,
- Enter a valid NHSN ID in the Profile Section of the 2019 Leapfrog Hospital Survey, and
- Complete, affirm, and submit Section 7 of the 2019 Leapfrog Hospital Survey by June 30.

For all other data downloads, NHSN data will be available on the [Hospital Details Page](#) on the same date as public release.

*Hospitals are not required to "re-join" Leapfrog's NHSN Group if they joined and conferred rights for the 2017 or 2018 Leapfrog Hospital Survey. However, all hospitals in Leapfrog's NHSN Group must review their Rights Acceptance Report annually to ensure that Leapfrog has access to the data from all of the locations that were active during the reporting period, even if those locations are no longer active, to ensure that Leapfrog obtains the appropriate SIR. Hospitals must review their Rights Acceptance Report by the first NHSN join-by date of each Survey Cycle.

INSTRUCTIONS FOR JOINING LEAPFROG'S NHSN GROUP AND ACCEPTING/ UPDATING THE DATA RIGHTS TEMPLATE

IMPORTANT NOTE:

While hospitals who have previously joined Leapfrog's NHSN Group will remain in the Group from year-to-year, Leapfrog **requires** that all hospitals in Leapfrog's NHSN Group review their Rights Acceptance Report annually, by the first NHSN join-by date of **each Survey Cycle**. The first join-by date of the 2019 Leapfrog Hospital Survey is **June 20, 2019**.

Hospitals must include any locations that were active during the reporting period even if they are currently inactive to ensure that Leapfrog obtains an accurate SIR. Additionally, please confirm that you have given Leapfrog access to data from your 2018 NHSN Patient Safety Component- Annual Hospital Survey. Surveillance data from the 2018 NHSN Annual Hospital Survey is used by NHSN to risk adjust SIRs; SIRs cannot be calculated by NHSN or downloaded by Leapfrog if you restrict access to this data.

Instructions on how to review, complete, and update the rights you confer in Leapfrog's Data Rights Template are below.

NOTE ON MULTI-CAMPUS REPORTING

In alignment with other sections of the Survey, Leapfrog requires that hospitals within a system report individually to the Leapfrog Hospital Survey. This policy also applies to hospitals that share a CMS Certification Number, tax payer ID, hospital license, etc. that are not within a contiguous geographic location. This policy also requires that hospitals report separately to NHSN. NHSN's policy aligns with Leapfrog's and is stated as follows: "If free-standing facilities are located in physically separate buildings, whether on the same property or over multiple campuses, each individual facility should be enrolled separately in NHSN. This applies even if physically separate facilities share a single CMS Certification Number (CCN)."¹

If your facility or system is currently incorrectly enrolled and reporting data from multiple facilities with a single NHSN ID then you will need to follow these NHSN instructions¹ to address this situation:

- Continue reporting into one NHSN OrgID for the remainder of the current quarter. For example, if you realize in February 2015 that your healthcare system is incorrectly enrolled, continue reporting this way until all data for 2015 quarter 1 (through March 2015) have been entered.
- Once all data for the current quarter have been entered, continue to use the established NHSN OrgID for the reporting of data from the largest hospital in the healthcare system. You will need to enroll each of the additional hospitals as separate facilities in NHSN. The process of enrolling separate facilities may begin at any time, however we recommend that facilities wait to enter data into the "new" NHSN facilities until the start of the next quarter.

To enroll facilities, you will need to have “NHSN Enrollment” listed as an activity on your SAMS profile. Email the NHSN Helpdesk (NHSN@cdc.gov) if you need to have “NHSN Enrollment” added to your SAMS profile.

3. Once all data for the current quarter have been entered, inactivate all NHSN locations in the established OrgID that represent units in a physically separate facility. For detailed instructions on inactivating a location, please see page 11 from the 2013 NHSN Newsletter: <http://www.cdc.gov/nhsn/PDFs/Newsletters/Newsletter-Dec2013.pdf>.
4. Complete enrollment and facility set-up for the new NHSN facilities, including proper location mapping. If the facility was using CDA to upload data into NHSN, each new NHSN facility will need a separate OID. The OIDs for the new facilities can be requested using this process: http://www.cdc.gov/nhsn/PDFs/CDA/OID_Assignment_Procedure.pdf. Once the OIDs are obtained, they should be entered into the new NHSN facilities and shared with your vendor.
